

Greener Glendale Plan Using SEEC Resources

Greener Glendale

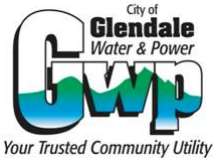

Background

Funding
Glendale Water & Power
Dept. of Energy EECBG

Plan Development
Community Development

Purpose
Energy Efficiency & Conservation
Greenhouse Gas Emission Reductions

Community Development Department

Approach

Sustainability vs. Climate Action

UN Urban Environmental Accords
Good planning practice

LGO & Community Documents

Developed simultaneously
Eventually split into two docs

SEEC Resources

Training

Conducting a GHG Inventory

- 1 Local Gov Ops
- 2 Community

Climate Action Planning

- 3 Local Gov Ops
- 4 Community

SEEC Resources

Tools

CAP Template

Provides:

- Document organization
- Sample text
- Pre-written chapters on climate change policy and science
- Excel templates for a variety of graphs

The Process

- Staff coordination
 - Best baseline year
 - Issues
 - Contacts

- GHG inventory
 - Getting credit for actions taken since 1990
 - LGO & community simultaneously

The Process

- Community participation
 - Developed list ahead of time
 - One-on-one
 - Open House

The Process

- Draft Greener Glendale Plan
 - Water, life-cycle emissions, adaptation
 - Green businesses, Economic Development
 - Implementation
