

# PUBLIC HEALTH AND CLIMATE CHANGE: HOW PUBLIC HEALTH DEPARTMENTS CAN HELP PREPARE

Webcast

April 18 , 2013

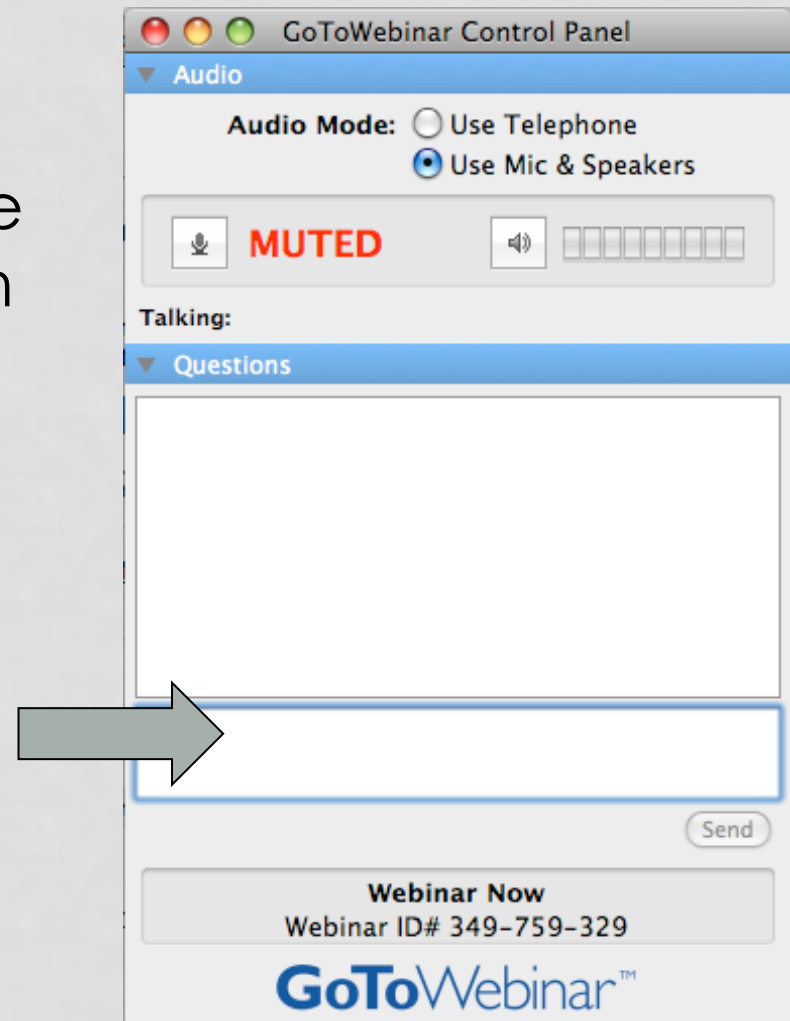

2:00PM-3:15PM

Local  
Government  
Commission

# WEBINAR LOGISTICS

Questions: At any point during the presentation, you can type your question into the question text box and click send. All questions will be read aloud and answered at the end of the presentations, as long as time permits.

# WEBINAR RESOURCES

The screenshot displays the website for the Local Government Commission. At the top left is the logo with the text "Local Government Commission". To the right are buttons for "JOIN THE LGC" and social media icons for Facebook and Twitter. A large banner image shows a group of people seated at round tables in a conference room, facing a stage where several individuals are seated at a long table. Below the banner is a navigation menu with links for "ABOUT LGC", "ISSUES", "WHAT WE DO", "EVENTS", and "RESOURCES". A search bar with the text "Google Custom Search" is located on the right side of the menu. The main content area features a breadcrumb trail "Events > TCE Webinar". Below this is a featured event card with a thumbnail image of a meeting. The event title is "PUBLIC HEALTH AND CLIMATE CHANGE:" followed by the subtitle "How Public Health Departments Can Help Prepare" and the date and time "April 18, 2013 • 2:00 – 3:15 PM". To the right of the event card is a sidebar titled "Events" with two sub-sections: "Upcoming Events" and "Past Events". At the bottom of the page, the full event title "Public Health and Climate Change: How Public Health Departments Can Help Prepare" is repeated.

# WEBINAR SURVEY

When you log out of the webinar you will be asked to complete a survey, please take 5 minutes to provide us with input which will help the CA Department of Public Health gauge your interest in adaptation and try to connect you with available services

“CLIMATE CHANGE IS ONE OF THE MOST SERIOUS PUBLIC HEALTH THREATS FACING OUR NATION. YET FEW AMERICANS ARE AWARE OF THE VERY REAL CONSEQUENCES OF CLIMATE CHANGE ON THE HEALTH OF OUR COMMUNITIES, OUR FAMILIES, AND OUR CHILDREN.”

-GEORGES BENJAMIN, EXECUTIVE DIRECTOR,  
AMERICAN PUBLIC HEALTH ASSOCIATION

# RESOURCES

- California Climate Adaptation Strategy for Public Health
- ILG: Understanding the Basics of Climate Change and Public Health: A Local Official's Guide
- San Luis Obispo Adaptation Reports
  - Final Report: Integrated Climate Change Adaptation Planning in San Luis Obispo County
  - Climate Change Impacts to Species and Ecosystems of San Luis Obispo County
  - Projected Future Climatic and Ecological Conditions in San Luis Obispo County
  - Developing Adaptation Strategies for San Luis Obispo County: Preliminary Climate Change Vulnerability Assessment for Social Systems
- Grant: Public Health Institute Request for Applications for Creating a Climate for Health Pilot Projects.

# SURVEY QUESTIONS

1. Is your local health department (LHD) interested in participating in CalBRACE activities?
2. Would a CalBRACE mini-grant to your LHD be incentive to participate?
3. Do you (LHD) have partners in local and county government and CBOs that you could join with in local/regional adaptation planning?
4. Who should CalBRACE staff contact to follow up?
